

2017 SPIRIT OF SERVICE

The Tuscarawas County Agriculture Society kicked off the 2017 Beautification Revitalization Project at the main entrance of the fairgrounds on Saturday, May 13. A special thank you to board members, volunteers, and sponsors for helping to make this a successful day!

Thanks to Jeff Zeigler of Zeigler Dozer Company for donating the beautiful landscaping rocks, Corpman Family for the grasses and Lattner Equine Performance for donating the paint for the fence.

The Board of Directors and Youth Board would like to invite any youth organization to become involved in our "Spirit of Service Campaign" by adopting, preparing and maintaining an area on the fairgrounds that needs some special attention! The project must be selected and completed by June 15 and then maintained until the conclusion of the fair. You must bring your own supplies needed to complete your project.

Please review the list below and if your club is interested please contact Scott Grove at 330-795-0289 to reserve your project. If you having any other beautification project ideas, please communicate to Scott for approval.
