

AGRICULTURE ORGANIZATIONS

FREE DISPLAY SPACE

Exhibits can be taken down Sunday, Sept. 22 at 7:00 p.m.

Dan Widder
Superintendent

The Grange, Farm Bureau Organizations, Bee-keepers, Homemaker's Council, or any other family organization, may make an educational exhibit featuring some phase of the agricultural industry.

Exhibits should be educational in nature and should be built around some theme or point. It is better to have exhibits tell one thing than to try to tell too much in one display. Something moving in an exhibit always adds to its interest and attracts attention.

Expert judges will be employed and each organization will be scored on their exhibit according to the following scorecards:

ADULT GRANGE EXHIBITS

1. General Appearance (30 points). Well-balanced; attracts attention of visitor, color combination.
2. Effectiveness (30 points). How well does the exhibit tell the story or make its point clear to the observer.
3. Neatness (20 points) Name of Grange or other organization clearly displayed in an unusual and attractive way.
4. Originality (20 points)

Total – 100 points

Premiums will be awarded according to the number of points scored and 75 cents per point will be the basis of award providing the sum of the premiums does not exceed the amount appropriated. **NOTE:** All educational exhibits will be judged on a basis of 100 percent for perfect.

JUVENILE GRANGE EXHIBITS

Each Juvenile Grange in the county will be given a maximum of \$55 for an educational exhibit scored on the same basis as the Adult Granges.

FARM BUREAU COUNCIL EXHIBITS AND OTHER AGRICULTURE EXHIBITS

1. The purpose of this exhibit shall be to inform the public on any phase of agriculture in Tuscarawas County.
2. Booth displays will be 10 x 10 feet.
3. Each booth will have at least one light and one electrical receptacle for your use.
4. Exhibits must be completed on the evening before the fair is to officially open.
5. Exhibits will be judged on the following basis:
 - General Appearance (30 points) Well-balanced; attracts attention of viewer, informs the non-farmer about agriculture.
 - Effectiveness (30 points) Exhibit tells a story, makes its point clearly, and is related to agriculture in Tuscarawas County.
 - Neatness (20 points) Name of council or other organization clearly and cleverly displayed, all lettering neat and attractive, all objects and products clearly labeled.
 - Originality (20 points) Unique and clever display of topic, a new topic or a new approach to an old topic.

Premiums will be awarded according to the number of points scored and 75 cents per point will be the basis of award providing the sum of the premiums does not exceed the amount appropriated.

NOTE: All educational exhibits will be judged on a basis of 100 points for perfect.

Thanks for supplying feed for Old McDonald's Farm.
